

# Military Deployment Solutions

STORE IT HOW YOU DEPLOY IT.

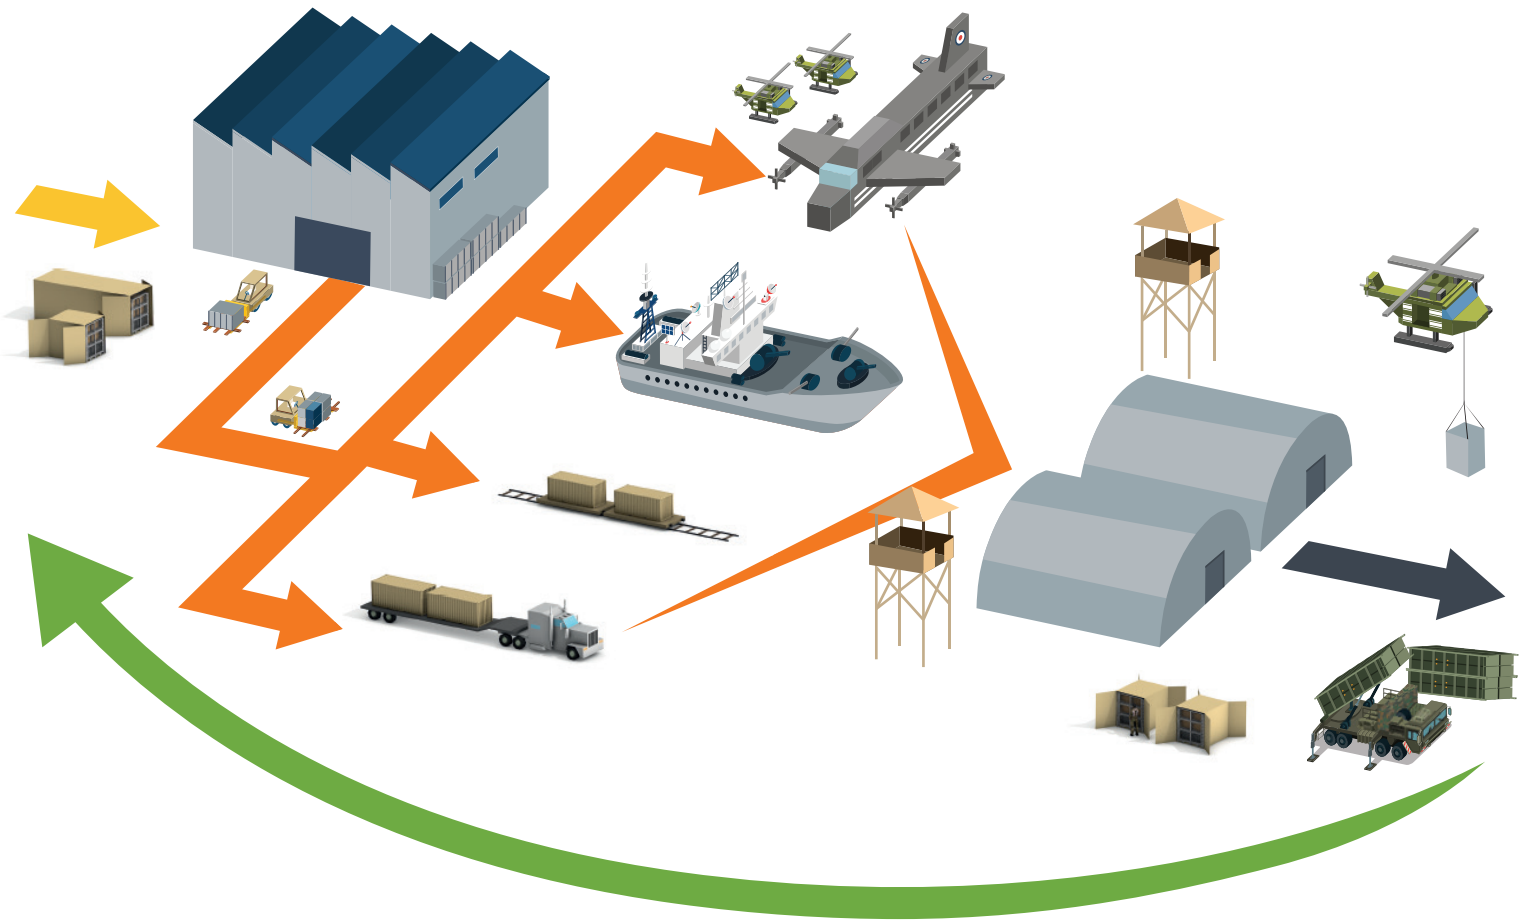

# DEPLOY IN DAYS, NOT WEEKS

Military installations face two distinct challenges: **organizing and storing a massive amount of valuable gear, and ensuring that gear can be transported quickly and securely.** Packing for a rapid deployment can take weeks of valuable time—time that could be better spent training and preparing your unit for a successful mission.

That's why Spacesaver offers a full line of deployable military-certified storage solutions for gear and weapons. We make it easy to organize your storage space in garrison and safely transport your gear into the field, often without the need for pallets or repacking.

**LESS TIME SPENT PACKING AND ACCOUNTING FOR GEAR =  
MORE TIME TO TRAIN AND PREPARE.**

What would YOU do with that extra time?

# EFFICIENCY FROM GARRISON TO THE MISSION

## GARRISON

Organize and optimize military gear in the warehouse and armory

## STAGING & TRANSPORT

Securely ship gear and weapons without the need for pallets or repacking

## IN THEATER

Easily access needed supplies and gear while ensuring total security

## RESET

Pack-up/collapse containers and ship home to reuse at the end of the mission

## Universal™ Weapons Rack (UWR®)

The Universal Weapons Rack was designed with input from military personnel, and stores multiple types of weapons and weapon accessories in a compact, transportable unit that fits easily into a shipping container.

### BENEFITS IN GARRISON:

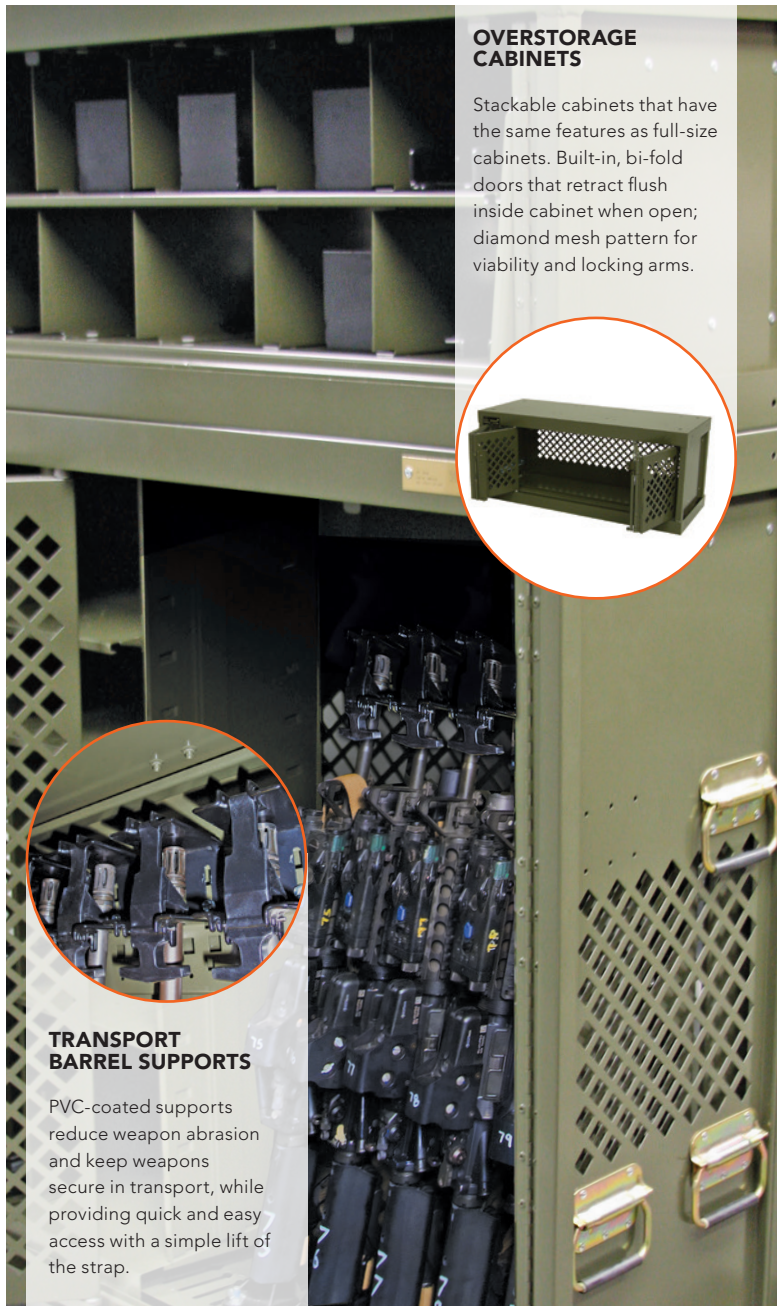

- Fit any almost any combination of weapons—including M4s, M16s, MK19s, pistols, and more - in one compact, organized space
- Optics can remain attached to weapon during storage
- Retractable, perforated doors save storage space and simplify inventory counts

### TRANSPORT & DEPLOYMENT BENEFITS:

- No need to transfer deployed weapons to a different rack
- Perforated doors and sides make weapons inventory and weapon identification easy
- No movement, shock, vibration, or abrasion while in transport

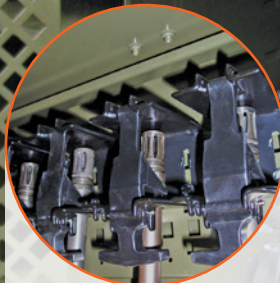

# ANY WEAPON, ANY

### OVERSTORAGE CABINETS

Stackable cabinets that have the same features as full-size cabinets. Built-in, bi-fold doors that retract flush inside cabinet when open; diamond mesh pattern for viability and locking arms.

### TRANSPORT BARREL SUPPORTS

PVC-coated supports reduce weapon abrasion and keep weapons secure in transport, while providing quick and easy access with a simple lift of the strap.

# SIZE. ONE DEPLOYMENT CABINET

## HANDLES

Ergonomically placed handles with an integrated 90-degree stop allow for easy gripping and comfortable lift.

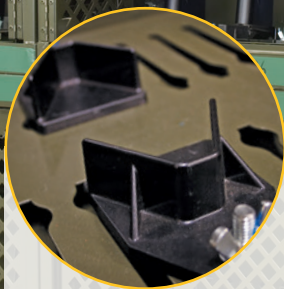

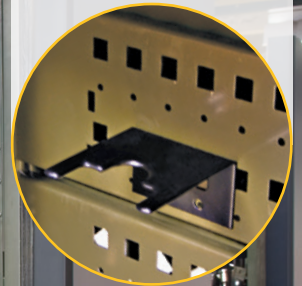

## BASE & STOCK CUPS

Universal base and stock cups or gun stock rests mount inside the cabinet to accommodate a wide array of weapons.

## BARREL SUPPORTS

Support and protect a variety of weapons. Dipped in PVC-Coating to protect weapons against any abrasions.

# MOBILIZE YOUR ARMS ROOM

### BARREL HOLDER & UNIVERSAL CLIP

Holds weapons securely in place during transport.

### LOCK IN, LOCK OUT LATCH

Drawers stay closed until the latch is lifted to open for access. When drawer is fully extended latch must be lifted to close.

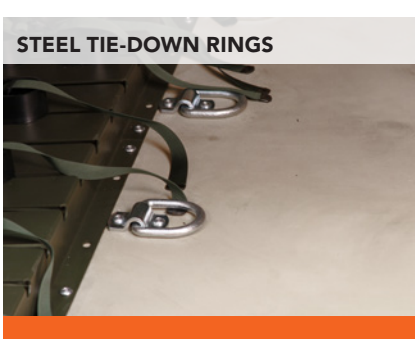

## Universal Expeditionary™ Weapons Storage System

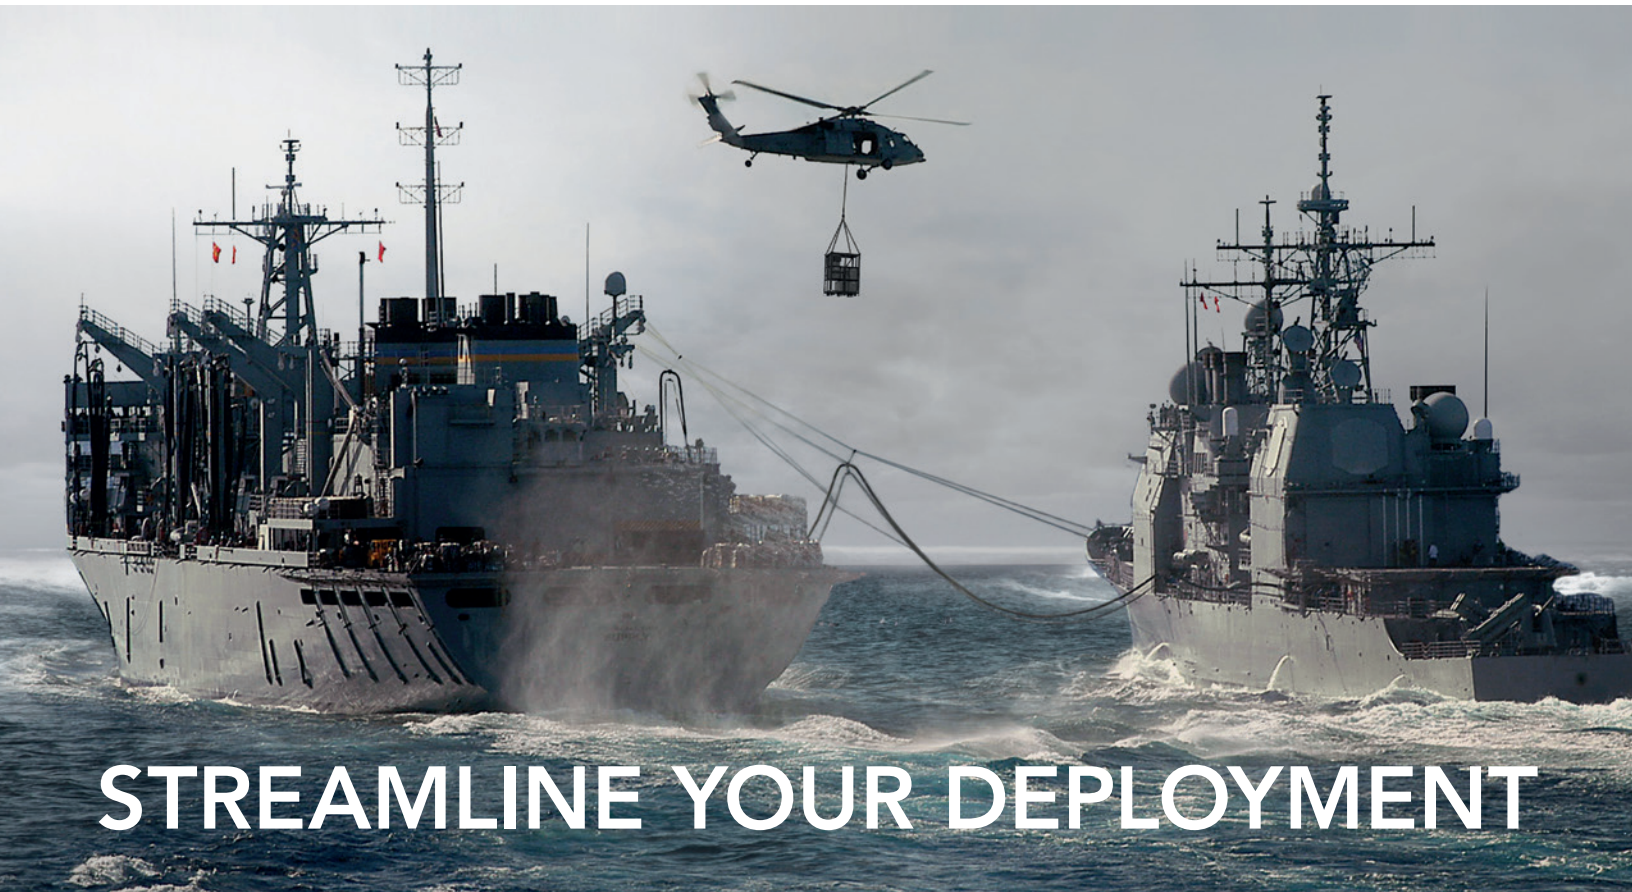

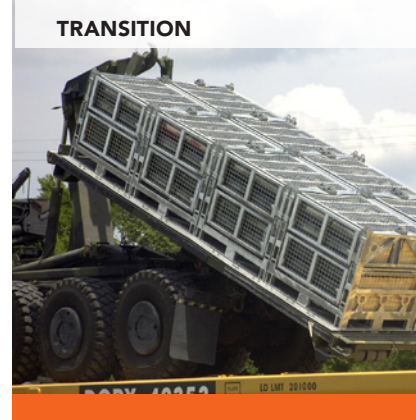

The Universal Expeditionary Weapons Storage System (UEWSS) is the first custom, integrated Type 1 TriCON container that is capable of storing, shipping, and supporting modern small arms and crew-served weapons with associated repair parts and collateral gear.

### TRANSPORT & DEPLOYMENT BENEFITS:

- Configurable six-section “plug and play” capability to fit your unit’s needs, including (but not limited to) storage of M9s, M4s, M16s, M240s, M249s, M870s, M2s, MK19s, and associated collateral gear
- Durable corrugated steel construction and heavy-duty steel floor and forklift pockets
- Tie-down steel lashing rings and front/door corner post tie downs to load additional items and maximize every inch of the container space
- Cabinets and cushioned weapons storage drawers can be added to perimeter or even mounted to doors for additional storage

## SHARKCAGE® by Spacesaver

SharkCage is an all-around solution to military logistics, enabling security and seamless transition from storage to staging, transport, deployment operations, and reset.

Choose from multiple sizes and interior layouts including **Standard, Hazmat, Tactical Locker, Container Warehouse,** and **Wheel Cages** to support your unit's needs.

### BENEFITS IN GARRISON:

- Lockable
- Stackable
- Adjustable interior shelves
- Full visibility for more efficient inventory counts
- Increased warehouse capacity when used with ActivRAC® Mobilized Storage System

### TRANSPORT & DEPLOYMENT BENEFITS:

- No need for repacking contents and minimal need for dunnage
- Maximizes space inside standard shipping containers
- Ship by air, land, sea, or sling-loaded via helicopter
- 4-way fork lift access
- Extensively tested for durability and shock absorption

### RESET

- Easily collapsible for shipping back to base

## OPERATION

# OPTIMIZE YOUR WAREHOUSE

## ActivRAC® 16P Mobilized Storage Systems - Deck & SHARKCAGE®

ActivRAC heavy duty mobile storage can be integrated with SharkCage to further optimize your in-garrison warehouse space without sacrificing accessibility.

### BENEFITS IN GARRISON:

- Stationary shelving or static SharkCages in your warehouse require fixed aisles that waste storage space
- Placing SharkCages onto ActivRAC decking eliminates all but one movable aisle
- SharkCage on ActivRAC increases the storage capacity of your warehouse by up to 100%

## Complete Military Solutions

Whether or not you're planning for an upcoming deployment, smarter storage and organization translates to more efficient day-to-day processes and more time to focus on training. We've created storage solutions for almost any military application:

- Secure, snag-free parachute storage containers and racks
- Armory storage and weapons racks
- Central Issue Facility (CIF) and supply warehouse storage
- Medical supply and pharmacy storage
- Compact records storage
- Gear and property storage
- Tool room storage

SECURE

# YOUR MISSION. OUR EXPERTISE.

With years of experience designing products alongside military personnel, we have a wide range of storage solutions to help you achieve your mission more efficiently and safely. Our experienced in-house engineering team and worldwide network of local distributors can help plan, design, install, and maintain your storage solution for years to come.

Contact our experienced and knowledgeable area contractors today to see how we can tackle your storage challenges and learn more about our purchasing contract options.
